

1.0 Construction Area

The Contractor shall be permitted to utilize the areas identified in Exhibit F, Construction Area Maps, for the purposes of material staging, equipment staging, fabrication, contractor parking, and other construction related activities.

The project site will be completely vacated of all occupation including storage and University owned items intended for preservation.

At all times, any contractor, subcontractor and their employees and vendors who park their vehicle on campus outside or in the surrounding community rather than the designated Construction Area are subject to Humboldt State University Parking and City of Arcata regulations and signage at campus parking lots.

Specific arrangements such as site access, laydown access, and other use of campus facilities will be coordinated and approved by the University prior to use and commencement.

End of Special Conditions
