Concur Connected Apps
To take full advantage of the functionality in the Concur application, we recommend that you download the following applications onto your smartphone or mobile device. These are optional, but provide convenience to users.

1. **Concur Mobile** allows a user to manage trips and expenses. Users can collect data for an Expense Report and submit it, or approve an employee’s Expense Report. Concur Mobile now contains Expensify’s receipt recognition technology, which allows users to create an expense line item and match the receipt to a card transaction.

2. **Tripit Pro** organizes travel plans putting all trip information in one place. The app will provide the user with updates during travel on things like gate changes, cancellations, etc., and provides the ability to select alternate flights when plans have changed or a flight has been cancelled. Family members can be provided visibility to travel plans by including them as part of the user’s “inner circle”. Consider it a personal travel assistant while on the road.

E-receipt Activation in Concur

Must have Verified Email Address

Many vendors provide electronic versions of traditional paper receipts. If E-Receipts are activated in a user’s Concur profile, when electronic receipts are available, they will flow directly into the user’s Available Receipts. Click Profile and select Other Settings.

Enabling E-receipts allows the automatic collection of electronic receipts and folio data (e.g., lodging), or "e-receipts", from participating suppliers.

1. Click the link E-Receipt Activation
2. Accept the E-Receipt Activation and Use Agreement
3. You will receive a confirmation that E-Receipts has been activated
4. When booking travel (airfare, hotel, car rental) in Concur, vendors participating in E-Receipts will display the following Icon

Mobile App

- **Note:** See Concur Mobile Registration for directions to install the Concur application on a mobile device. This must be done before receipt images can be uploaded from a cell phone or other mobile device.

- There are three options in Concur Mobile when you go to “Expenses” and click on the blue plus sign. (See screenshot)

- **ExpenseIt** – Uses Optical Character Recognition (OCR) to turn images paper receipts into an expense that can be modified on the expense report (ER). Works well for out-of-pocket expenses. Information captured using this can be modified either from the “Expenses” area on the mobile app, or once you add the expense to an ER.

- **Create Manual Expense** – Useful for creating an expense manually while traveling but not ideal since requires a lot of manual entry on the phone. (Does not count as a receipt)

- **Upload Receipt** – This is the best option for including pictures of things like conference agendas, copies of online transactions, digital or handwritten notes, etc.
Scanned Images & Email

Your email address must be verified in your Concur Profile.

Scan your receipts and save the file(s) to your computer
  Save files as .png, .jpg, .jpeg, .pdf, .html, .tif, or .tiff
  5MB limit per file

Email your e-receipt or receipt images as attachments to receipts@concur.com. The receipts will be added to your Receipts Store.

From your expense report, click Receipt Store (or click Receipts, View Available Receipts). Drag a receipt to the corresponding expense line item on your report.

Submitting an Expense Report

Delegates (travel reps) may create and complete expense reports on behalf of a traveler; however, the traveler must ensure that the expense report is correct and submit it. Delegates cannot submit expense reports on behalf of other people

When your expense report is ready to submit, you will receive notification from your travel delegate to let you know the ER is ready for your review and submission. If you have any questions regarding the ER, please contact travel@Humboldt.edu before submitting.

If a travel rep is processing your expense report, DO NOT submit the expense report until you receive notification stating it is ready for submission!
To submit an expense report:

1. In Concur, there are two ways to access Open Reports:
   - On the Manage Expenses screen, select the report indicated in the email received from your Travel Delegate – be sure match the trip name and amount to the email to ensure you are accessing and reviewing the correct report.
   - **NOTE:** Each ER button indicates the status of the report: Not Submitted, Submitted, or Returned. For submitted reports, the lower part of the expense button will indicate the status of approval.

2. Review expense report details including totals, receipts, and any comments
3. If the information listed on the ER is correct, click the **Submit Report** button in the upper right corner.
   - **NOTE:** If you feel the information listed is incorrect, please contact your travel rep to discuss the changes needed. DO NOT submit until all issues are addressed.
5. The Final Review window will appear.
6. Read the statement and if you agree, click **Accept & Submit**.

If you cannot successfully submit the report or a message appears describing a report error or exception, please contact your travel rep or [travel@Humboldt.edu](mailto:travel@Humboldt.edu).
